

The **New** MedicinesComplete User Guide

June 2018

www.medicinescomplete.com

Welcome to a new MedicinesComplete experience

The New MedicinesComplete brings an improved and user friendly experience.

Significant improvements to the styling and presentation of complex content will help you to easily locate and utilise the information you need to make effective healthcare decisions.

Central to the new MedicinesComplete platform is an improved and intuitive search engine that will help you to find the drug information you're looking for easily and quickly, through:

- Our new interface, improved search filters, and clear layout to pinpoint relevant content easily
- QuickSearch to discover content quicker within individual publications
- The Dosage Card to help manage your patient queries efficiently

As we continue to develop the MedicinesComplete platform and its capabilities, we ask you to submit your comments via the feedback button, which is available on the right hand side of all pages on the site. Thank you for working with us to provide a service that brings you accurate and reliable content.

The Dashboard

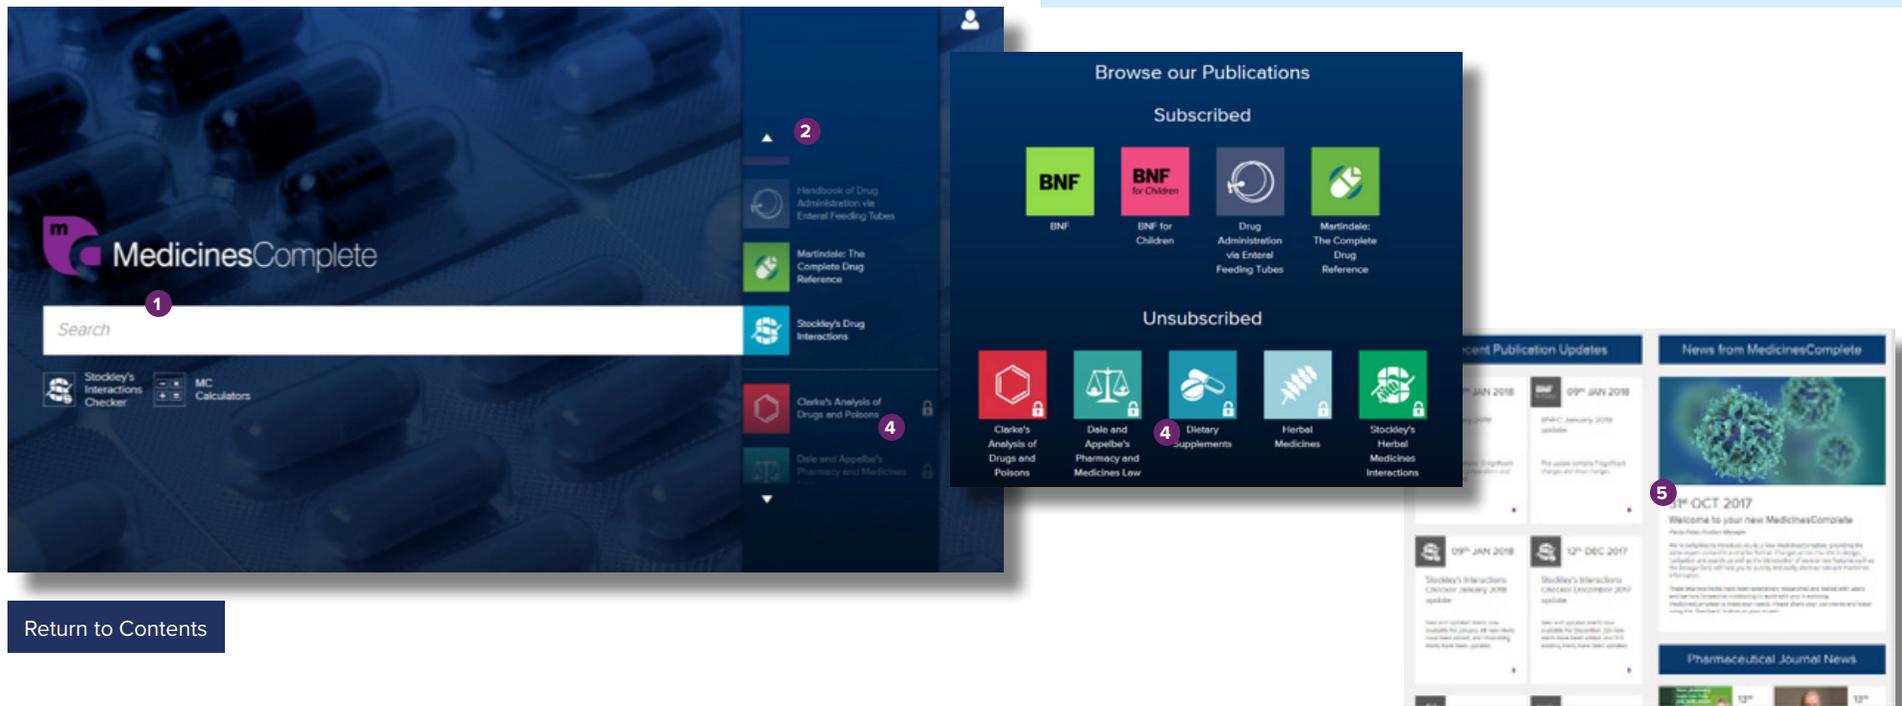

Your personal portal to the new MedicinesComplete

Once you have logged into the website, you will now see your personal dashboard displaying your subscribed resources.

You may find it useful to bookmark this new URL so you can quickly access content whenever you need it.

The dashboard page includes the **search bar** that can be used to discover content across all your subscribed publications or you have the option to search in individual publications.

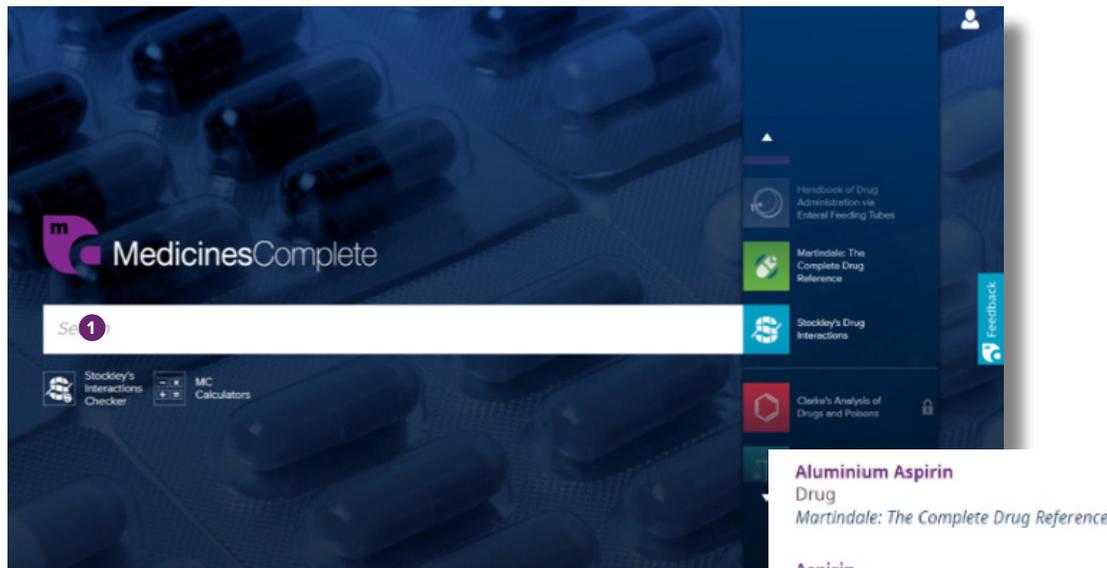

- 1 You can search across all resources or choose an individual resource.
- 2 The arrows can be used to move up and down the menu.
- 3 As you navigate down the dashboard screen you have quick links to the Table of Contents for each resource.
- 4 The padlock icons indicate the publications you are not subscribed to.
- 5 The bottom part of the page hosts the **Product Updates** as well as the **News** section.
